20. ACHIEVEMENTS							
ACHIEVEMENT #1 SGT Kim served as the Air and Missile Defense (AMD) Korean Augmentee to the United States Army (KATUSA) for the 2501st Digital Liaison Detachment from 20230315 to 20240614. During his tenure, he assisted with numerous Combined-Joint meetings and working groups to ensure the Ground Operational Command (GOC) received AMD protection. SGT Kim, with his exceptional technical, and interpersonal skills, also ensured the GOC's AMD section successfully passed their portion of the Fully Mission Capable (FMC) Evaluation.							
ACHIEVEMENT #2 SGT Kim was instrumental in ensuring the GOC AMD Section met all of their requirements for the GOC's FMC evaluation and met the ROK Joint Chiefs of Staff requirements in response to NK UAS incursions. He worked diligently to fully translate the many updates to their Operational Standard Operating Procedures (OPSOP), and also translated the GOC's new Counter UAS Standard Operating Procedures and Counter UAS smart book. These documents ensured the Combined-Joint Community understood the GOC's Capabilities.							
ACHIEVEMENT #3 SGT Kim was called upon to create a revolutionary near-real time UAS tracking system that will be used as a method to standardize UAS tracking among all GOC subordinate units. In this time, he worked side by side with the GOC AMD sections training and planning offices to ensure all requirements were met to ensure NK UAS can be tracked accurately, timely, and effectively. As small UAS are difficult to identify with electromagnetic sensors, he discovered a way to utilize Corps' level optical sensors to effectively triangulate UAS positions.							
ACHIEVEMENT #4 SGT Kim supported the 2501st DLD as a translator during numerous engagements with Yongin City Hall, Yongin University, and other civic groups. Of particular emphasis is his volunteer efforts with Yongin University's ROTC program. SGT Kim gave his time to help ROTC Cadets learn military English and also prepared them for life in the Army upon graduation. These engagements were key in establishing relationships with numerous local organizations, thus ensuring the unit was a good neighbor with our ROK partners.
